

Health and Safety Training Guide: Administrative & Facilities Staff

UNIVERSITY OF
TORONTO

Environmental
Health & Safety

The table below outlines the training requirements for administrative and facilities staff based on their specific job activities.

WORK TASK(S)	COURSE CODE	COURSE NAME	DELIVERY FORMAT	VALID FOR
General Safety				
☐ All employees regardless of job function	EHS002	Basic Health and Safety Awareness	Online	No Expiry
	EHS528	Slips, Trips, and Falls	Online	No Expiry
☐ Office worker or spends over 3 hours per day at a computer workstation	EHS536	Office Ergonomics	Online	No Expiry
☐ Holds supervisory responsibilities over other UofT employees and students and/or oversees their work	EHS303	Job Safety Analysis	Online	No Expiry
	EHS305	Accident Investigation for Supervisors	In-class	No Expiry
	EHS583	Supervisor Due Diligence	Online	No Expiry
	EHS585	Work Refusals	Online	No Expiry
☐ Uses ladders	EHS542	Ladder Safety	Online	No Expiry
☐ Visits labs or performs repair/maintenance/renovation in labs	EHS576	WHMIS for Non-Lab Staff	Online	1 year
	EHS953	Health and Safety Awareness in Labs for Non-Lab Users	Online	No Expiry
Staff-Specific Training				
☐ All Facilities & Services staff on St. George Campus	EHS003	Health and Safety Orientation for Facilities (F&S - St. George)	Online	No Expiry
☐ F&S Utilities Building Engineers	EHS588	WHMIS for Utilities Building Engineers	Online	1 year
☐ F&S Campus Moving, Grounds and Recycling Staff	EHS524	Ergonomics for Campus Moving, Grounds and Recycling	Online	No Expiry
☐ Faculty of Arts & Science Bioscience Support Facility Staff	EHS591	Ergonomics for Bioscience Support Facility Staff	Online	No Expiry
Building Maintenance and Repair				
☐ Works near but <u>not</u> directly with asbestos	EHS509	Asbestos Awareness	Online	No Expiry
☐ Manages repair/maintenance/renovation projects with asbestos	EHS570	Managing Asbestos Projects	Online	5 years
☐ Performs Type 1 or 2 asbestos work	EHS567 (full-day) / EHS568 (refresher)	Asbestos Training for Type 1 & 2 Asbestos Workers & Their Supervisors	In-class	5 years
	EHS532	Respiratory Protection	Online (fit testing in-person)	2 years
☐ Works with lead-containing materials (e.g., lead paint, lead sheets, leaded glass, etc.)	EHS519	Lead in Building Materials: Evaluating and Controlling the Hazard	Online	No Expiry
	EHS532	Respiratory Protection	Online (fit testing in-person)	2 years
☐ Works with silica-containing materials (e.g., mortar blocks, cement, brick, etc.)	EHS507	Silica in Building Materials: Evaluating and Controlling the Hazard	Online	No Expiry
	EHS532	Respiratory Protection	Online (fit testing in-person)	2 years
☐ Works on plumbing traps; cleans up broken compact fluorescent lights	EHS573	Mercury Awareness	Online	No Expiry
☐ Requires awareness of mould remediation and prevention of mould growth but <u>does not</u> perform mould remediation	EHS533	Mould: Evaluating and Controlling the Hazard	In-class	5 years
☐ Removes or cleans mould-contaminated materials	EHS533	Mould: Evaluating and Controlling the Hazard	In-class	5 years
	EHS532	Respiratory Protection	Online (fit testing in-person)	2 years
Chemical and Physical Hazards				
☐ Uses chemicals	EHS576	WHMIS for Non-Lab Staff	Online	1 year
☐ Conducts work which requires the use of a respirator	EHS532	Respiratory Protection	Online (fit testing in-person)	2 years
☐ Works outdoors in the winter for significant periods of time	EHS530	Cold Stress: Working in Cold Environments	Online	No Expiry
☐ Works outdoors in the summer or in hot indoor environments	EHS531	Heat Stress: Working in Hot Environments	Online	No Expiry
☐ Works in confined spaces	-----	Confined Space (campus-specific training will vary)	In-class	Varies
☐ Works in areas where noise levels would be greater than 85 dBA	EHS529	Noise: Recognizing and Controlling the Hazard	Online	No Expiry
☐ Conducts maintenance or repairs on equipment/machinery	EHS527	Lock Out Tag Out	In-class	3 years
Working at Elevated Heights				
☐ Works at heights above 10 feet or closer than 2 metres from the edge and without guardrails	EHS579	Working at Heights	In-class	3 years
☐ Drives or works on aerial platform lifts	EHS539	Aerial Platform Lift	In-class	3 years
Manual Materials Handling				
☐ Works in loading dock areas	EHS549	Working in Loading Docks	Online	No Expiry
☐ Manually transports materials (e.g., lifting, pushing, pulling)	EHS534	Manual Materials Handling (Ergonomics)	Online	No Expiry
☐ Transports large/heavy objects in vehicles	EHS547	Load Securement	Online	No Expiry
Shipping and Receiving of Dangerous Goods				
☐ Receives packages (does not open) – radioactive materials	EHS908	Transportation of Dangerous Goods (TDG) - Radiation (Receiving Only)	In-class	3 years
☐ Receives packages (does not open) – biological agents	EHS909	Transportation of Dangerous Goods (TDG) - Biologicals	In-class	2 years
☐ Transports, receives, and ships chemicals under the Transportation of Dangerous Goods Act (TDG)	EHS910	Transportation of Dangerous Goods (TDG) - Chemicals	Online	3 years
